## What Do I Do When...

### MY CABLE IS OUT

*Do you have more than 1 television hooked up to cable?*

If there is a cable outage, all tv's will be out. If one tv is working, it may be a problem with the television or a wire in the house.

*Do you have a VCR?*

If so, it may be turned on. Turn your VCR off.

*Do you have a digital box?*

If so, your television needs to be on channel 3 or the correct video input.

### MY DVR BOX OR CABLE BOX IS NOT WORKING PROPERLY

*Example: The guide feature isn't displaying accurately.* Reboot your system. Simply shut off the box and unplug it for 2 minutes. Plug it back in and restart normal functions. If this doesn't work, give us a call at 800.252.1799 to further troubleshoot.

### A CHANNEL IS NOT WORKING

*Example: Channel 24 is going in and out of service.* Give us a call! Your help in reporting channel problems can often times speed up the repair process. You may notify CASSCOMM of channel problems we may not otherwise be aware of.

Prices listed are before taxes, fees & surcharges. rev 4.1.20
