HELPFUL TIPS...

My Cable is out! If there is a cable outage, all tv's will be out. If one tv is working, it may be a problem with the television or a wire in the house. Please call our office at 1-800-252-1799.

Do you have a DVD PLAYER? If so, it may be turned on. Turn your DVD player off or switch inputs.

Do you have a digital box? If so, your television needs to be on channel 3 or the correct video input.

A selected channel is not working. Example: Channel 24 is going in and out of service.

Give us a call! Your help in reporting channel problems can often times speed up the repair process.
